CHERYL MEILYN LOVICA

Quality Assurance Manual Tester

+62 822-7485-6800 | cherylpika21@gmail.com | Medan, North Sumatra | linkedin.com/in/cherylmeilynlovica

Diploma in Information Technology graduate with a GPA of 3.58/4.00 and internship experience as a Business Analyst Intern at PT Teknologi Cerdas Berdaulat Indonesia. Experienced in manual functional testing, test case preparation, defect reporting, retesting, and system validation based on requirements and expected results through internship and academic projects. Familiar with requirements analysis, test documentation, data validation, SQL, and web and mobile application testing. Detail-oriented and analytical, with the ability to collaborate effectively with cross-functional teams to verify system functionality and support software quality.

Education

Diploma in Information Technology Sep 2023 – Aug 2026

Del Institute of Technology - North Sumatra, Indonesia

GPA: 3.58/4.00

Relevant Coursework: Software Engineering · Software Design · Database Systems · Software Quality and Testing · User Experience Design

Experience

Business Analyst Intern

Feb 2026 – Aug 2026

PT Teknologi Cerdas Berdaulat Indonesia (INaAI) - Central Jakarta, Indonesia

- Assisted in preparing meeting materials by gathering data and completing relevant information, and independently drafted 25+ meeting minutes (MoM) documents, revising them based on mentor feedback.
- Performed manual functional testing across multiple system modules to verify functionality against system requirements, workflows, and expected behavior.
- Prepared test cases, documented defects, conducted retesting, and compiled testing reports to support defect verification and system validation.
- Reviewed, compared, and validated data from multiple sources against dashboard information to identify discrepancies and verify data consistency against business rules.
- Prepared system adjustment documentation, defect logs, adjustment summaries, and testing status reports to support issue tracking and follow-up.
- Translated client needs into system requirements and collaborated with cross-functional teams to review system changes, communicate testing findings, and verify implemented adjustments.

Projects

Development of the HKBP Church Information System for the Toba Region Aug 2025 – Jan 2026

Software Quality Assurance / QA Tester – Final Project

Tech: Laravel, PHP, MySQL, JavaScript, GitHub

- Performed functional testing across multiple system modules, including authentication, user management, congregation data, church administration, financial management, and worship schedules.
- Designed and executed test cases covering positive and negative scenarios to verify system functionality against defined functional requirements.
- Documented test cases with test conditions, input data, expected results, actual results, and test conclusions to support systematic functionality validation.
- Conducted functional and non-functional testing and supported User Acceptance Testing (UAT), with all tested features approved by the client.

Design and Development of Bloom Bouquet Web & Mobile Application Feb 2025 – Jun 2025

Quality Assurance / QA Tester

Tech: Flutter, Laravel API, Figma, MySQL, Appium

- Performed manual testing across web and mobile applications, covering functional, UI/UX, integration, and regression testing.

- Designed and reviewed system flows, feature specifications, and API interaction scenarios to support feature validation.
- Identified and documented bugs and collaborated with developers during issue resolution and User Acceptance Testing (UAT).
- Validated implemented features against business and user requirements to verify expected functionality and system behavior.

GKPI Sidikalang Kota Church Website Feb 2024 – Jun 2024

Project Manager / Software Quality Assurance

Tech: PHP, Laravel, MySQL

- Validated implemented features against functional requirements and expected system behavior.
- Conducted manual testing to identify functional issues and recurring defects.
- Documented testing findings and coordinated defect resolution with the development team.
- Supported requirement gathering and system documentation, including process flows and functional specifications, to maintain alignment between requirements and implementation.

Organizations

Program Cinta Almamater (Freshmen Orientation) - Del Institute of Technology Aug 2024

Member – Consumption Division

- Guided 450+ freshmen on campus dining rules, daily duty schedules, shared regulations, and proper dining etiquette during orientation.
- Coordinated division activities and helped new students understand campus discipline and communal living rules.

Teaching Assistant – Discrete Mathematics - Del Institute of Technology Jan 2025 – Jun 2025

- Facilitated weekly practice sessions for 55 students, identified common mistakes, and provided structured explanations to support learning.
- Developed practical examples to help students recognize problem patterns in discrete mathematics.

BEM Department of Science and Technology - Del Institute of Technology Jan 2025 – Dec 2025

Member – Public Relations Division

- Prepared activity proposals and disseminated departmental announcements through WhatsApp and direct communication with students.
- Coordinated information sharing between students and the department and supported academic activities and student outreach events.

Skills, Certifications & Languages

Skills

- **Quality Assurance & Software Testing:** Manual Testing · Functional Testing · Regression Testing · Test Case Preparation · Defect Reporting · Defect Tracking · Retesting · Test Documentation · System Validation
- **Business & System Analysis:** Requirements Analysis · Requirements Documentation · Business Analysis · Data Validation · SDLC
- **Tools & Technologies:** SQL · MySQL · Microsoft Excel · Postman · Appium · Trello
- **Professional Skills:** Analytical Thinking · Attention to Detail · Problem-Solving · Communication Skills

Certifications

- ✓ Software Quality Assurance and Testing Certificate — 2025
- ✓ IBM Data Analyst Certificate — 2025
- ✓ Google Prompting Essentials — 2026
- ✓ TOEFL ITP — 2026

Languages

- **Indonesian:** Native
- **English:** Intermediate Proficiency
